SATURDAY 15TH NOVEMBER	08:00-13:30 13:00-18:30	Gerald Hatch Norm Beauchamp	Bill Yeates Don Baker	Don Treadwell George Spinks	Don Smucker Steve Baker
SUNDAY 16TH NOVEMBER	08:00-13:30 13:00-18:30	Don Baker Don Smucker	Don Smucker George Spinks	Steve Baker Gerald Hatch	Norm Beauchamp Joe Christian

There will probably be extra help on each shift to relieve volunteers. The CAP will help on Sunday.

If you can't make your shift let me know. The weather may cancel the whole thing.

Each volunteer must wear orange or green safety vest and carry a whistle.

Shift Team Leader

Coordinates team to ensure smooth operations, directs escorts to approach aircraft once right propeller has stopped, escorts passengers.

Bench Escort

Escorts each group of passengers to and from airplane, opens door to Tri-motor and holds door while rope escort ties rope to door. Gives safety briefing to passengers.

Rope Escort

Escorts passengers to and from aircraft while keeping rope taut and waist high, creating barrier between passengers and right engine.

Starter

Only person to give directions to pilot. Stays in eye contact with pilot during taxi, parking, loading and unloading passengers, and directs starting engines when all is clear.

These are brief descriptions of each position. We will go over in detail each position's responsibilities during a training session on Thursday at 1PM inside the Skyline Hangar.
