Directions and map on the back

When using any driving directions or map, it's a good idea to do a reality check and make sure the road still exists, watch out for construction, and follow all traffic safety precautions. This is only to be used as an aid in planning.

Directions: From the stop light in the center of Kingsland (intersection of FM 1431 and FM 2900) go 1.3 mi. NW. Turn left on Rose Hill Dr. between the First Baptist Church and the Kingsland Care Center. You will see the Community Center building directly ahead where the road splits.
